

Veterans Open House

You are invited to an open house at Tennova Rehab Center at McFarland!

As we honor our veterans, please join us for an open house to learn more about the resources offered for military veterans. We provide private rooms, an intensive therapy program, 24-hour rehabilitation nursing and physician supervision, and a variety of specialty programs including care for amputation, brain injury and psychiatric care for PTSD.

Our acute rehabilitation focuses on a combination of assessment, treatment, education and follow-up, looking to meet the physical as well as emotional and spiritual needs of each patient and family.

Thursday, Nov. 15 • 2-4 p.m.
